### VARIOUS MATTERS

Great bargains at Somers' today and tomorrow.—Adv.

The postmen's burdens are being increased by campaign literature this week.

Tillinghast's saw mill from Plainfield is at work in the Road District, Stonington.

Mrs. George Bradway of Union, Toland county, has a chrysanthemum, that contains 217 buds and blooms.

Farmers maintain their faith in the old belief that really cold weather will not come until the ponds and brooks are full.

The services in the Congregational churches Thursday evening were the lectures preparatory to communion Sunday.

Mrs. Vanderbilt's messages absolutely prove spirit return. Hear her. Spiritual Academy Sunday 11 and 7.30.—adv.

Saturday being the vigil of the feast of All Hallows, is a fasting day in the Catholic churches for those obliged to fast.

Local members have been notified that the convention of the Girls' Friendly society will be held in Norwich November 6 and 7.

The special services at the East Thompson M. church, conducted by District Superintendent G. G. Scott, of Norwich, were well attended.

The Sunday school of the Natick Methodist church is arranging to send a barrel of Christmas goods to the needy children in the war zone of Europe.

It is probable that the Groton Congregational church will erect a new parsonage soon. A committee has been appointed to recommend a suitable site for the building.

Many farmhouses in the suburban towns, which entertained summer boarders during the season, are finding profit in the hunting parties out from the cities for the fall shooting.

It is claimed that Wednesday was the coldest October day on record except Oct. 15, 1913, when the temperature was down to 31 degrees at a. m., which was the same as was registered at 4 a. m. Wednesday.

For the first time since the electrification of the New Haven road electric trains have been seen between New Haven and New York, this week a distance of 74 miles, on the multiple-unit system, that is without a special electric engine.

A Norwich man who was in Worcester Thursday says the slogan there is "Buy a pair of socks," the war reliever took the form of donating 250 work socks to be distributed to the enlisted men of the army by members of the Red Cross.

At a dinner at the Hotel Garde, New Haven, Tuesday evening in honor of Rev. Pliny Cooney, formerly of Baltimore, now of St. Mary's church, Greenwich, Conn., a Grimley presented Father Cooney with a combined walking stick and umbrella with a solid silver handle.

Mr. and Mrs. William A. Slater have evidently bought another residence, as a local correspondent writes: Mrs. William A. Slater and her daughter, Mrs. E. H. Slater, who have been at Grey House, have come to Mount Kisco, where Mrs. Slater will open her country place.

After November 1st no station on the New Haven road will maintain a bar where the public may maintain intoxicating drinks. This rule was made at the last meeting of the directors and will go into effect at the expiration of the license of the different holders who run the station restaurants.

A counterfeit \$10 bill has made its appearance in Connecticut and a warning is being issued to the public to look out for it. It is of the Buffalo series, \$780,440, composed of two thin sheets of paper with silk threads seen distinctly between the sheets. The right and left edges are printed with the words "FEDERAL RESERVE NOTE".

Cigarette papers tricked in the manner of a "spinner" made a queer bait for mackerel, but many men have used cigarette papers with deadly effect in Dover bay. You can, in fact, catch mackerel with anything bright when they are in the run. Perhaps the best of all baits for them is a strip of skin cut from one of their captured brethren.

A piece of tin or lead foil is effective, and I once knew a man who came back from mackerel fishing without a victory. A yellow paper bag has been attached to that lever this year with these words on it: "If you pull this lever you may lose your vote. Ask the machine tender."

Extra Time by Assessors.

Will Have Evening Hours on Saturday and Monday.

The board of assessors, John P. Murphy, Michael J. Curran and Jeremiah J. Donovan, have been having more than usual busy times in the last few days as the limit for handing in tax lists approaches its end, but have decided to give the citizens every opportunity to get their lists in by being at their office both Saturday and Monday evening from 7 to 9.

With the 27th of October and one day in November which this will give, they hope that no one will come around after the limit has expired and say they didn't have a chance to put in their list.

Insolent.

Mr. Douglas Stinson used to tell a story of a libel case in which he had defended a man successfully on the ground that he was not to be regarded as an ordinary individual because he was in the habit of using the most outrageous language on the most trifling occasions. The jury accepted Stinson's story and found for the defendant. But on reaching the court Stinson found his client waiting for him in a paroxysm of fury. "What is thunder do you mean, sir," by saying that I am not to be treated like an ordinary man?"—London Standard.

HELPING HANDS WHIST WITH MRS. BAKER

Four Tables Played and Four Prizes Awarded.

The entertainment committee of the Helping Hands held a social evening with Mrs. E. H. Baker of Pillsbury place, at the Groton Hotel, last Wednesday evening, Oct. 28th. Postmaster William Caruthers found that the government has seen fit to print rules and regulations governing the same in eight different languages, viz: Italian, French, Polish, German, Dutch, Norwegian, Greek, Swedish and Hungarian (Magyar). Deposits can be made or withdrawn by mail, less the money-order fee for wire transfers.

The postal savings department appeals specially to the school children, many of whom are now listed as depositors. Children having attained their tenth year may open an account in their name free from any income tax and the parents and for those under ten years of age savings stamps and cards are sold which can be redeemed for money on Thursday.

The attendance has been excellent and the program of the evening was very successful. The entertainment was given by Miss Blanche V. Smith, a cousin of the grocer and Mr. Smith entered the parlor and stood before an arch of cosmos and green, beneath which the clergymen, the wedding march was given away by her father, and a ring was used in the service.

The bride was crowned with white crepe de chine and veil and carried white roses.

During the wedding supper, the guests were denied a chance to shower upon the happy pair the fullest expression of their felicitations, for uninvited the bride and groom slipped to a neighbor's house, and across the fields to the road, where they escaped in an automobile.

The bride's presents were displayed in a room adjoining the dining room and included silver, cut glass, linen, pictures, a large parlor lamp and furniture. The money was arranged in the form of a replete of banknotes with five gold pieces at the center.

A goodly number of guests accompanied a present of tablecloth and napkins, was read and very much enjoyed.

The month's wedding with his father in the mill business. He is an officer in the Sunday school and both Mr. and Mrs. Smith are active in church and grange. Upon their return from a trip to New York, New Jersey and Hartford, they will live in the home of the late Mrs. Henry Smith, grandmother of the groom.

The guests included Mr. and Mrs. Isaac C. Grant, Mr. and Mrs. Florence Gear, Earl Gear, Mr. and Mrs. Luther Gray and Miss Mary Bell Gray, all of Groton; Mr. and Mrs. Herbert Gray, Master Halsey Gallup of Norwich, Mr. and Mrs. Oscar Randall of Bristol, Mr. and Mrs. Florence Grow of Somers, Mr. and Mrs. George Smith of New London, Mr. and Mrs. Horace I. Smith and Leroy Smith of Lyme.

VOTERS PRACTICED ON THE MACHINES

Many Refreshed Their Memories in Preparation for Tuesday Election

In all the districts of the town on Thursday there were a good number of voters who took advantage of the opportunity to refresh their recollections as to the workings of the voting machines which will be used in the election on Tuesday. The registrars and assistant registrars were on hand at the polling places and gave instructions to any who wanted to be shown what to do to vote straight or split tickets.

In the first district, but in none of the others, there will be two more opportunities for the voters to learn about the machines, as they will be demonstrated in the corridor of the Town hall, both on Saturday and on Monday afternoon and evening.

Taking a lesson from what happened in the last election, when it was ascertained that a number of voters used the resetting lever and thus cancelled their vote, under the impression, probably, that they were recording it, a yellow paper bag has been attached to that lever this year with these words on it: "If you pull this lever you may lose your vote. Ask the machine tender."

Postmaster William Caruthers has had notice from the department at Washington of the temporary suspension of money order business with Mexico. The postoffice department of Mexico so informed the Washington government by letter, dated Oct. 26th, and all postoffices are instructed not to issue or pay postoffice money orders on Mexico after October 26th.

TRAIN EARNINGS OF NEW HAVEN ROAD

Shown in Figures Prepared by Road's Accounting Department

It is well known that the New Haven has furnished the best passenger train service far below any estimate of the cost for the particular service rendered.

An examination made by the road's accounting department of the earnings of 2,457 passenger trains operated in the last two weeks of July, 1914, when passenger travel because of the vacation season is about as good as any time in the year, has disclosed the fact that 25.2 per cent of them earned 50 cents or less a mile. Trains earning at the rate of 51 or less per mile comprised 52.1 per cent of the total operation, while only 22.7 per cent showed earnings of more than 4 per mile.

The examination just made covered every revenue passenger train on the system. For 88 trains the average earnings per mile were 40 cents per mile or less; 619 showed earnings at the rate of 50 cents or less; 660 from 50 cents to \$1; 374 from \$1 to \$1.50; 147 over \$1.50.

Of the 88 trains showing average earnings as low as 40 cents a mile or less, the earnings at the rate of only one cent a mile and averaged one passenger per mile.

The earnings of four trains were at the rate of only two cents per mile. Seven trains in Connecticut and Massachusetts showed earnings of only 3 cents a mile. The average number of passengers per mile ran from one to nine for these trains.

On the other hand, the running all trains (passenger and freight) for the year ending June 30th, 1914, for transportation expenses, maintenance of tracks, bridge and buildings, administration expenses and interest on the investment was \$1.69 per train mile.

This fall's train schedule compared with last year's shows a reduction of 286 per cent of passenger train miles and 5,817 train miles on weekdays and 1,478 Sundays.
